

Making AI Work for Your District: Lessons from K–12 Leaders

October 23rd, 2025 | 3pm ET / 12pm PT

Moderator:
Dr. Amalio Nieves
Teaching & Learning Director
Panorama Education

A hand is holding an open book. The right page of the book is visible and contains the text 'AI is in classrooms today. Districts set the vision for tomorrow.' The background is a light green gradient with some decorative green starburst shapes in the upper right corner.

**AI is in classrooms
today. Districts set
the vision for
tomorrow.**

*In the chat, please share: **Name + District***

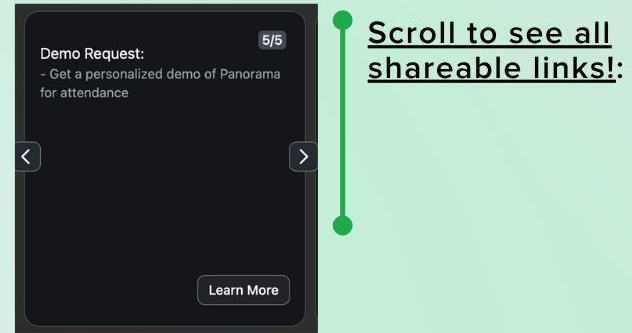

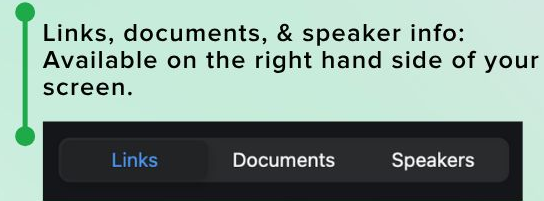

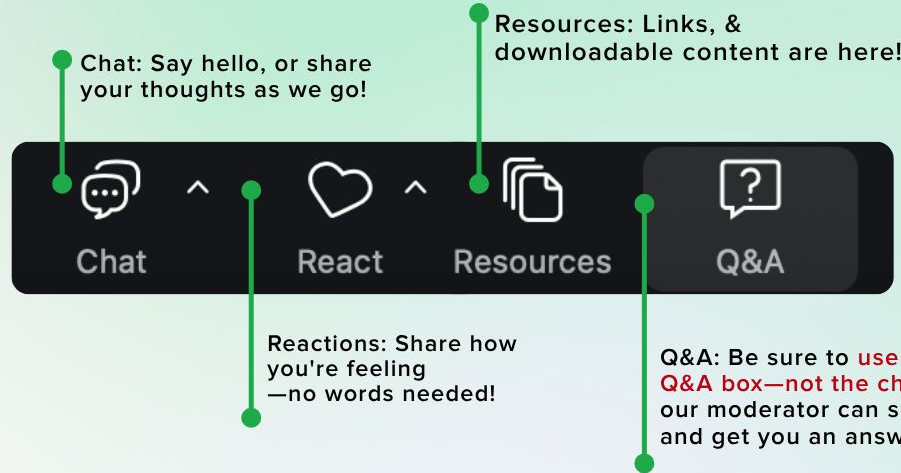

and let us know...

**What's one word that captures how you hope
AI could help your schools?**

Before we begin:

This webinar is being recorded. Recording and all resources will be shared in a thank you email 1-2 days from today!

Our speakers today:

Dr. Casey Bardin

Director of Pupil Services
North Colonie School District (NY)

Dr. Jeremy Sullivan

Director of Innovative Student Learning
North Kitsap School District (WA)

AI Readiness across districts:

A new RAND study found that student & teacher use of AI has jumped more than **15 % points in just the past couple of years.**

Only about 1/3 of districts are training students on AI, & fewer than 1/2 of schools have clear policies in place.

That means there's a real opportunity for districts to set the vision for how AI will shape teaching and learning moving forward!

Today's discussion:

- Staff Capacity & Training
- Policy & Governance
- Data Privacy & Security
- Platform Strategy

Poll time!

What's the *biggest barrier* to scaling AI in your district?

- Limited staff capacity or time
- Lack of clear policies or guidance
- Data privacy or legal concerns
- Uncertainty about which tools to use
- Leadership or community buy-in

Roundtable discussion

The Panorama Platform

Student Success

Translate insights into effective student supports to improve literacy, academics, attendance, and behavior.

Surveys & Engagement

Drive school improvement with vital feedback from your community, students, and staff.

Panorama Pathways

Ensure students are ready for college, career, and life with an on-time graduation and CTE program tracking solution.

Life Skills

Build students' mindsets and skills with assessments, check-ins, and interventions.

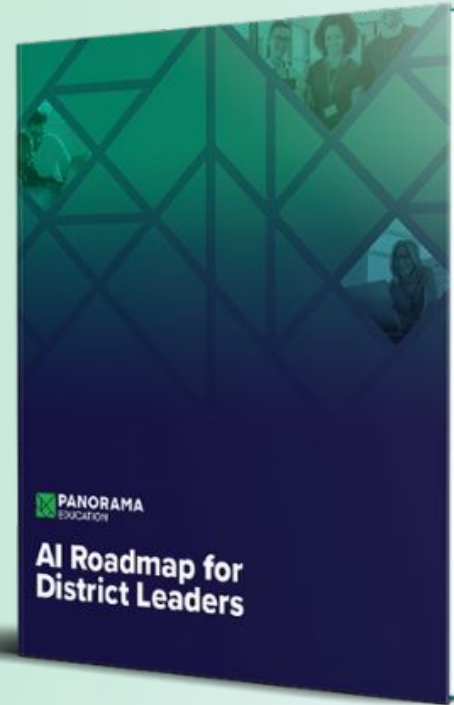

Panorama AI: Solara

Make student support easier with secure AI that's customizable to your district's goals and practices.

AI Roadmap for District Leaders

100+ prompts, a buyer's guide, and a rollout plan—everything you need to lead with AI.

Poll time!

Would you like us to reach out for a personalized demo of how Panorama's AI tools can support the work in your district?

- Yes, please!
- Not at this time.
