In the chat, please share:

Your name, district, and what you are looking forward to during winter break!

Before we begin:

This webinar is being recorded. Recording and all resources will be shared in an email 1-2 days from today!

We already know what drives student success:

- Strong instruction
- Clear interventions
- Personalized support

The real challenge:

Making these practices **doable every day** in every classroom

Even with HQIM, MTSS, literacy, SPED, & engagement tools, implementation varies

Teachers are stretched, principals juggle competing priorities, capacity differs across schools, creating a fidelity gap

Secure, educator-aligned AI can help make proven practices sustainable, not replace expertise

Poll time!

What's the biggest challenge your district faces in delivering personalized instruction?

- Teachers don't have enough time
- Too many different learner needs
- Lack of consistent data to guide personalization
- Students not engaging with feedback

What We'll Demo Today

Panorama Solara with Class Companion **→ How AI supports personalization at scale**

- Real-time, rubric-aligned guidance for students
- Fast, effective differentiation for teachers
- Real student outcomes for districts

The Panorama Platform

Student Success

Translate insights into effective student supports to improve literacy, academics, attendance, and behavior.

Surveys & Engagement

Drive school improvement with vital feedback from your community, students, and staff.

Panorama Pathways

Ensure students are ready for college, career, and life with an on-time graduation and CTE program tracking solution.

Life Skills

Build students' mindsets and skills with assessments, check-ins, and interventions.

Panorama AI: Solara

Make student support easier with secure AI that's customizable to your district's goals and practices.

Meet Panorama Solara: Your Customizable, Districtwide AI Platform

Securely connected to your student data. Recommendations personalized to every learner. Data never leaves the district's walled garden.

Industry-Best Security and Privacy Measures

**Student data is not used
to train models**

**Certifications
independently verify
our practices**

**We provide full visibility
on how Solara is used**

And now introducing Solara with **Class Companion**

Making Personalized Instruction Possible in Every Classroom.

Imagine a classroom where every student has a personal AI learning guide—and every teacher has the time, insights, and support to deliver high-quality instruction. Solara with Class Companion makes it possible.

LIVE DEMO

Poll time!

Would you like us to reach out for a personalized demo of how Panorama's AI tools can support your district with personalized instruction?

- Yes, please!
- Not at this time.
