

# Learning Recovery Survey Questions: For Teachers and Staff

**Supplemental Panorama survey content for back to school 2021-22**

---

Invite educators to share feedback on what they need—and what their students need—to **build on students' strengths** and **promote academic success** during the 2021-22 academic year.

## About These Survey Questions

Ensure that teachers and staff have an opportunity to make their voices heard in the transition back to school. What do they—and their students—need to promote learning recovery in the fall?

This new Panorama survey content can help you **gather and take action on feedback from teachers and staff** related to learning recovery and readiness for in-person learning. Use the feedback to deliver more targeted resources and professional development to your faculty and school teams.

The questions in this document cover two topic areas:

- [Learning Recovery \(p. 3\)](#): Staff reflections on their students’ learning from last year and its impact on learning this year
- [Readiness for Learning \(p. 4\)](#): Staff perceptions of readiness for in-person learning this school year

**If you are a Panorama partner, these survey questions are available as supplemental content** to add to your [Panorama teacher/staff surveys](#) in the fall. The questions follow [best practices in survey question design](#). If you are not yet a Panorama partner, [contact us](#) to learn more about our survey platform. We invite all educators to use these open-source questions, but ask that you please credit Panorama Education.

Interested in gathering similar feedback for back to school from students and families? Access our learning recovery content [for students](#), and [for families](#).

*Panorama Education’s feedback surveys, SEL platform, and MTSS intervention platform meet the criteria for allowable activities for **ESSER I, II, and III**, and align with the U.S. Department of Education’s [“Return to School Roadmap.”](#) [Learn more on our funding page.](#)*

## Learning Recovery

Staff reflections on their students’ learning from last year and its impact on learning this year

<b>What support(s) do you need most to be successful this school year?</b>	[Free Response]				

## Partnering With Panorama for Teacher and Staff Surveys

Schools and districts use Panorama Education’s research-backed surveys and [analytics platform](#) to quickly gather and take action on family, student, and teacher and staff voices. In Panorama, administrators and educators can view and disaggregate results by topic, question, demographic group, grade level, school, and more to inform priority areas and action plans. Today, Panorama serves more than 12 million students in 21,000 schools across all 50 U.S. states.

Our team also offers expert-led [professional development](#) to build your team’s data capacity and take action on stakeholder feedback. We’ve worked with thousands of districts to navigate the challenges of building data-driven practices, creating strong academic and social-emotional support systems, and responding equitably to student needs.

**To learn about partnering with us**, please get in touch with our team at [contact@panoramaed.com](mailto:contact@panoramaed.com) or (617) 356-8123.
