

Panorama Strategic Advising

Panorama's team of advisors support leadership teams to move beyond measurement, through understanding to sustained improvement

Executive Briefings

Insights and recommendations based on your community's data presented alongside recommendations

Coaching and Consultations

Customized and coherent sessions to help leadership teams understand, prioritize, and act on data

System Advising

Long-term collaboration to assess, improve, and sustain systems

PANORAMA IS TRUSTED TO SUPPORT MORE THAN 10 MILLION STUDENTS

Coaching and Consultation

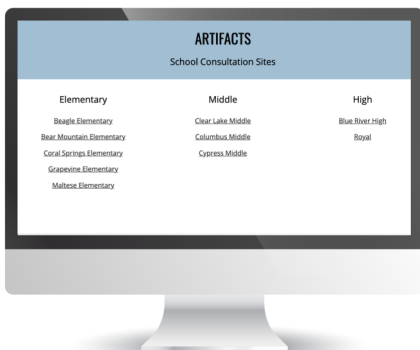

Customized and coherent sessions to help leadership teams understand, prioritize, and act on data

Our approach with partners

Context: What are the areas of success and tension in your current context?

Understand and Prioritize: Which of the insights we present in your data align best to your current initiatives and priorities?

Plan for Action: Which of the research-based strategies we recommend do you believe will be most impactful and feasible for your community?

SCHOOL

Well structured. Well prepared. Efficient. Interactive. Professional. Wonderful direction from a data perspective provided by a master educator.

-Mark Rosenblum
Headmaster San Diego French American School

DISTRICT

The Panorama consultation is a significant milestone for our team's work. It is the piece we were looking for when we engaged with Panorama Education.

-Dr. Dominick Palma, Ph.D, Superintendent Merrick UFSD
